Description

Front: Seeschildkröte mit glattem Panzer, der oben horizontal abschließt. Traubenförmige Punze (?) auf Schale, weitere Einzelheiten nicht erhalten.

Rear: Incusum, Einzelheiten undeutlich. Einhieb.

Chop mark: A mark of undefined form made normally with a chisel-like tool, for example to test the purity of the core of a coin. It can also be the result of damage caused when the object was found.

Punched: Intentionally marked with a punch, both contemporary to the object and later. In contrast to a countermark of a much more simple design. Not to be confused with punches creating a positive image, which were used during the manufacture of a die.
