|--|--|

Description

Front: Drapiertes Brustbild des Friedrich II. mit Mütze nach rechts. Am Beginn der Umschrift eine Rosette. Im r. F. die Tuschzahl 3.

Rear: Vierfeldiges Wappen mit Helm und Zier.

Provenience: Seit mindestens 1837 im Bestand des Münzkabinetts.

Field smoothed: The field of a coin or medal has secondarily been fully or partly deepened in order to improve the relief of the legend or image. This procedure occurs especially with collectors' objects and is not part of the working process of a mint. Not to be confused with the re-cutting of parts of the design or legend on a coin, or the erasure of elements of them.
