Description

Front: Maria mit dem Christuskind über Adlerschild.

Rear: Reichsadler mit Reichsapfel auf der Brust.

Provenience: Seit mindestens 1840 im Bestand des Münzkabinetts.

Field smoothed: The field of a coin or medal has secondarily been fully or partly deepened in order to improve the relief of the legend or image. This procedure occurs especially with collectors' objects and is not part of the working process of a mint. Not to be confused with the re-cutting of parts of the design or legend on a coin, or the erasure of elements of them.
