--	--

Description

The opium pipe is made of bamboo. A small amount of opium is placed in a hole in the smaller inserted pipe. The heated opium is then inhaled from one of the large openings. Opium was mostly used sporadically as relief for mental or physical pain – by all Naga groups.

Collector: Dowding, C.

Collector: Ehlers, Otto Ehrenfried

Basic data

Material/Technique:

Bamboo, carved

Measurements:

Object dimensions: 29.5 x 3.5 x 6.5 cm
